Dear Partridge Creek Farm,

The Steering Committee of Transition Marquette County is pleased that your organization has decided to form a strategic affiliation with us so we can work together on common goals and educational programming.

By working together, we will be able to extend our reach to more people in the surrounding communities. As per our numerous discussions, Transition Marquette County will be supportive and collaborative with Partridge Creek Farm while also remaining separate and independent. Both organizations will pursue educational outreach in our communities by bringing in speakers, presenting movies and classes and holding educational forums in subjects that pertain to sustainability and local agriculture. We will co-sponsor these events and hopefully find other ways to collaborate as well. We will help each other to fill these events and classes by reaching out to each other's members to participate. We hope that the relationship we have formed will be long lasting and prosperous for both parties.

We truly believe that this is the beginning of something special.

Kindest Regards,

Michael J. Riesterer, member
Transition Marquette County Steering Committee
